

## January meeting of the Austin Radio Control Association

President Robin Masek called the meeting to order at 7:00 PM. There were 20 members present.

The minutes of the December meeting were read and accepted as read.

The treasurer's report for December was read and accepted as read.

### Old business:

Christmas party was held at a new location and at a big savings to the club. The club website has been updated and has many new features. Ken White is making fliers for the Warbird and Big Bird events. Helicopter event has been moved forward 2 weeks by Bob Price. Pat said he would take care of the Jet Rally.

### New business:

The club newsletter the Prang was costing the club \$100/month. A motion to no longer mail the Prang but to have the minutes posted on the bulletin board at the field was made and passed. A notice of by-law changes, mainly certain wording regarding associate membership was posted on the bulletin board, next month we will be voting on the changes. The club will look into the interest of an electrics-only fun fly sometime this year. The executive committee presented the membership with the idea of hosting a Club 40 racing event. This is an entry-level type racing with only certain airplanes and engines costing under a certain value. After a discussion, a motion to host a Club 40 race day was made and passed. Further news will be relayed to the membership.

### Blue Max

Cliff Speer was the winner of the Blue Max Award for landing in the Austin Electric Repair yard

Ham donated a case of PowerMaster fuel, which was raffled off. Thanks again to Ham for his generous donation.

The meeting was adjourned at 7:50 PM.
