

July meeting of the Austin Radio Control Association

President Robin Masek called the meeting to order at 7:05 PM. There were 23 members in attendance. A new member Mark Macken was introduced.

The minutes from the June meeting were read and accepted as read.

The treasurer's report for June was read and accepted as read.

Old business;

Robin displayed a photo of the shirts available for sale at the Big Bird and Helicopter events. Robin has posted the events on the website and talked about compensation for working the events, free lunch and no landing fee depending on the amount of time worked.

Important note, if you are the last one out, lock the gate. If someone you don't know is flying, ask if he is a member. It is very important that everyone flying is an AMA member.

New business;

Trailers stored at the club field are done at your own risk. So keep an eye on your trailer if you park it here. Loyd is going to look into prices for new club shirts. Glenn, of Round Rock Hobbies said that fuel prices are going up due to several factors. Robin has the food permit for the Big Bird event and will pick up the waiver so jets may fly at the event also. There will be a field clean-up Aug 23rd for the event, so bring out a weed whacker, blower and help clean up the field.

Blue Max Award

There were numerous members nominated, Morris, Jimmie, Dick, Ken, Loyd and Bill among them. Ken graciously accepted the award.

Glen, owner of Round Rock Hobbies donated a variety of items for the club to raffle off as door prizes. Thank you for your support of the club.

Meeting adjourned at 7:40 PM
