

May meeting of the Austin Radio Control Association

President Robin Masek called the meeting to order at 7:00 PM. There were 23 members and 5 guests in attendance.

Before the regular meeting, the President turned the floor over to Jim Rice, District 8 VP of the AMA. Jim was at our meeting to present the AMA's President Award to PowerMaster Fuels for their long and continuing support of the AMA program with special attention to the racing segment. He also presented similar awards to Don Nix, previous owner of PowerMaster and Wendell and Shirley Hammond, who now run PowerMaster Fuels for their support and donations to the AMA. He stated later that there are many AMA programs available for clubs. It is however for the clubs to look into all these programs, as they range from scholarships to money for the club for promoting the hobby to finding and keeping their field.

The minutes from the April meeting were read and accepted as read.

The treasurer's report for April was read and accepted as read.

Old business;

The Austin Fire Marshall issued the club a permit for the jet rally. However, he stated that any jet flying during a county burn ban is prohibited. Such flying can result in a fine and/or other penalties.

New business;

As the club has been at its present location for 30 years this year, a celebration party of some sort was deemed appropriate. The exact time, probably later this year in the fall and type, steak dinner, BBQ has yet to be determined and will be discussed at later meetings. The Swap meet in October is still planned and going ahead. Robin has collected most of the items needed for the new club trainer. Loyd purchased an inexpensive Futaba radio for the trainer and the club will reimburse Loyd for the radio. Shirts for the Big Bird event and purchasing some new or slightly used chairs for the clubhouse were also discussed.

Blue Max Award

John Beran won the Blue Max Award for crashing into the fence.

Meeting adjourned at 7:50 PM
